

Justa Figment (via production record) ApHC Hall of Fame

Jet-setting 2012 Hall of Fame inductee Justa Figment was born with a lot to live up to. Bred by Rex Kennard of Yukon, Oklahoma, the 1987 mare was by Alias King and out of Aztecs Fancy Frani (AQHA), making her a full-sibling to a horse that was rapidly becoming one of the most recognizable names in the industry: Dreamfinder. But Justa Figment was ultimately destined to be more than just Dreamfinder's kid sister; she was fated to win accolades on an international scale.

Justa Figment's show career began in 1989, and as a two-year-old she placed top-ten in halter at the ApHC National and World Shows. She was sold to Missouri's Crown Center Farms in 1990, where she was bred to Impressive Andrew to produce her first foal, Impressive-figment, in 1992. By that time, Justa Figment had been sold to Sergio Barbieri of Italy, and in 1993 she brought home a European Championship halter title. Following the 1993 show season, Justa Figment retired from the show ring to become a broodmare.

Over the next two decades, Justa Figment produced European Champions, French National Champions, Canadian National Champions, ApHC National Champions, and ApHC World Champions. Her foals include 1999 mare Bright Fancy Sergina, a 2004 ApHC World Champion and a 2009 Hall of Fame inductee that was the first of Justa Figment's foals to earn a bronze halter medallion, but certainly not the last. Justa Figment's medallion-earners also include 2009 gelding Alias Kid To A Te (year-end high-point bronze medallion, 2010), 2010 stallion The Top Tease (year-end high-point bronze medallion, 2011), 2011 stallion Justa Top Secret and 2011 gelding Justa TD, (year-end high-point bronze medallions, 2012).

Though she lived many years in Italy, today Justa Figment makes her home at La Pavarana Show Horses in Pilot Point, Texas. To date, Justa Figment has produced 15 ApHC-registered foals that have earned almost 600 halter points, 9 Registers of Merit, and 6 bronze medallions. Was Justa Figment able to leave big brother's shadow? Without a doubt.
